

# Indeed as an Economic Indicator

Statistical Anomaly

By: James White, Darius Kharazi, Kathy Guo, Kathleen Fillingim

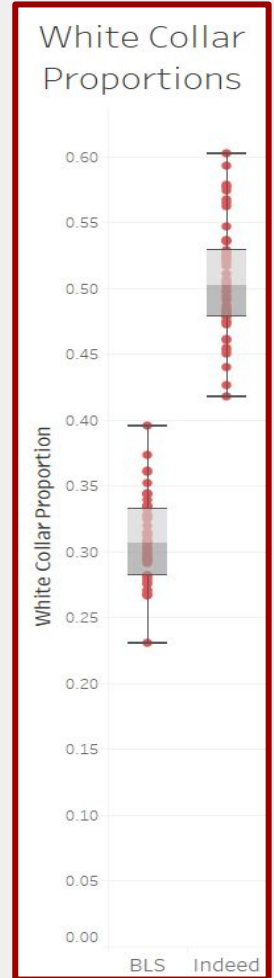

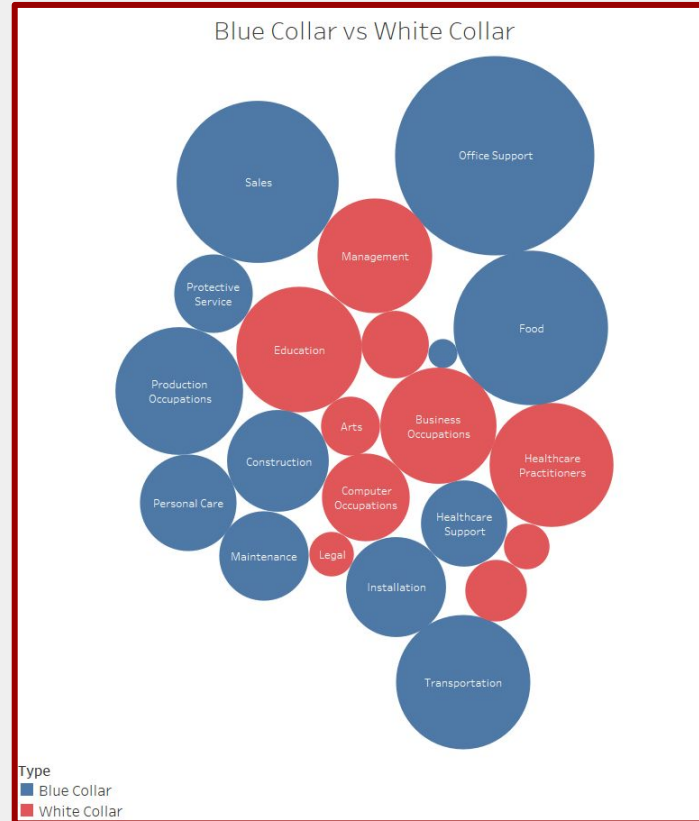

# Some Mystery in the Data...

Data from: Indeed.com, Bureau of Labor Statistics, and Census Bureau

# White Collar Selection Bias

- We classified job categories as “White Collar” or “Blue Collar” along Bureau of Labor Statistics guidelines.
- We found that Indeed greatly overestimates the white collar jobs.
- This data is not a random sampling of American workers!

## What Could Cause Such Imbalance?
