A Good Location, Indeed

The Number Crunchers

Giulietta Brunetti, Peter Smyrniotis, Peyton Mounce, Quentin James, Sean Odrowski

Research Question

- To discover which locations in the United States are the "best to work" based on employee ratings and reviews
- Compare and contrasts our procedure and findings to Forbes magazine

Procedure

- Subset data (omit Canada & Germany, omit "0 Star" entries)
- Summarized mean & median by state
- Sorted from high to low
- Mapped results for visualization

Results

State Name	Mean	Median
Hawaii	3.84	3.90
Montana	3.79	3.80
California	3.76	3.80
Washington	3.76	3.70
Vermont	3.76	3.80
Massachusetts	3.74	3.80
Rhode Island	3.73	3.70
Virgina	3.73	3.70
New York	3.72	3.80
Alaska	3.72	3.70

Results

Average

Median

Forbes Top 10

1. Washington
2. Minnesota
3. Illinois
4. Texas
5. Colorado
6. Wyoming
7. Virginia
8. Ohio
9. Michigan
10. Kansas

Seattle, Washington

Conclusion

- Data does not match with Forbes
- Different data sets
- Different factors were taken into consideration
  - Forbes:
    - median salary
    - state tax
    - cost of living
    - unemployment rate
